

## Parent Consultations

Our parent consultations after half-term will be face to face. They will be for up to 10 minutes and parents will be given an update as to how their child has settled down since the start of the new year. Targets may be set and staff may suggest ways of how to help at home.

Please look out for the letter which gives parents an opportunity to select a time window. Please respond promptly if you are working and/or have little flexibility.

**Tuesday November 9th**

**1-00pm onwards**

Please put this date in your diary.

## Looking smarter around school

At the moment we are encouraging the children generally, to take greater care with their appearance and to look tidier.

They are expected to keep their shirts, formal shirts and T shirts, tucked in unless they are in PE or out at playtimes.

Thanks for your support.

## Nail Varnish/Ear Studs

Please could nail varnish be removed before your child comes to school.

Please could ear studs be simple and plain studs and not ornate or coloured.

Thankyou

## Disabled Parking

Could we ask that people do not park in the disabled bays unless they have a disabled badge. We have disabled parents and grandparents dropping off and picking up at the start and end of the day and sometimes they aren't able to use them. Many thanks.

**Halsall St Cuthbert's CE Primary School**

# Newsletter 2

## Labels So Important

Please label all the clothes that your child wears for school. (uniform and PE kit) So much is being lost and we are unable to return items if there is no name label.

Many thanks.

## Extra Holiday

The school will now be closed for an extra day to celebrate the **Queen's Platinum Jubilee.**

This extra day will be **Tuesday 19th April.**

We were originally returning to school after Easter on 19th April. School will now be returning on the **Wednesday 20th April.**

## Class Water Bottles

Many thanks for sending in the class water bottles so that the children can keep hydrated.

Please send in **water only.**

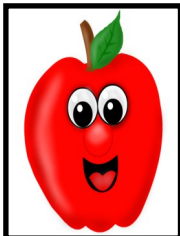

Flavoured and coloured water and cordials often contain additives that can affect children's listening skills, concentration and in some cases, their behaviour. This will inhibit their learning and progress. Where sweet cordials are sent in, children are not drinking because they are dehydrated and thirsty, it is because they want that sweet taste sensation and this may also affect their dental health as well.

Thanks for your support in this matter.

## Junior Fruit

We are restarting our junior fruit scheme. Please look out for the letter, complete the form and return it to school with the money. Thanks

## Harvest Service at St Cuthbert's Church

**Sunday 10th October 9-30am**

Please come along and watch the children celebrate with their singing and dancing. Please bring harvest baskets on the day.

## PTFA Bonfire Night and Fireworks Display

**Friday 5th November**

**Gates 6-00pm, bonfire 6-30pm, Fireworks 7-30pm**

It should be a lovely, busy night so the PTFA and charities can raise valuable funds.

## Dogs in School

Could we please ask that parents do not bring dogs on to the playground, even if they are being held by an adult. Dogs by the railings at home time are also a magnet to children's affectionate patting. We wouldn't want a child to be nipped or bitten if the dog was spooked and behaved out-of-character. Many thanks.

## Family Fun Night

A big, big thanks to everyone who came along to the Family Fun Night last Friday. It was a lovely occasion, the children had a fabulous time and the weather was perfect. Many thanks to the staff and helpers who came along to prepare, cook and serve the food. Their support is much appreciated. You can find photos of the event on the school website. Thanks again.
