Big Thankyou

A big, big thankyou to everyone who has sent in donations this week for the hampers and raffle. The response to our donation requests has been amazing. Many thanks also to all those who have been busy organising things (and there's such a lot to do) and giving their time to make the carnival a big success.

Halsall St Cuthbert's C.E. Primary School Newsletter No 19

School Reports

Staff have been very busy putting the finishing touches to the school reports. I would like to thank them all for producing such detailed and comprehensive parental feedback.

Hopefully, they should be handed out on Monday.

Please read them, take out and keep the coloured copy, sign and return as soon as possible.

With the report will be your child's class starting in September 19.

Following much assessment and discussion, the class structure has now been set and this cannot be altered.

Thanks for your support in this matter.

Many thanks

Sports Day

Wednesday

10th July 1-15pm

Please park around the edge of the field.

The PTFA will be selling refreshments.

Children will be given water and an ice lolly.
Parents are not permitted to cross the track or stand by the finishing line.

All races should be over by about 3-30pm.

Kidz Club Feedback

Many thanks to everyone who has responded to the Kidz Club questionnaire. Your comments were overwhelmingly positive and this is pleasing confirmation that the club provides good quality childcare and that children enjoy the sessions. If there is anyone who has not completed a questionnaire and who would consider using the club if its finish time is extended to 6-00pm, please let us know. We'll then have a better idea of demand in September. Thanks

(We did have one anonymous response with some very valid and salient points and it would be helpful if he/she contacted school so that we could discuss these matters as part of our provision review)

Andrew Bedwell

As you may be aware, Mr Bedwell's sail around Iceland was cut short due to a damaged mast. He flew back there last week and has now safely returned himself and his yacht to British waters. An incredible effort of endurance, I'm sure that you'll agree.

He has raised over £3,000 for school and we're looking to buy more outdoor play equipment to keep the children entertained. This should hopefully be in-place by September.

Well done and a big thanks to Andrew and his family.

Kidz Club / Sports Clubs

Kidz Club will continue until Thursday 18th July. There will be no Kidz Club on the last Friday 19th July.

School closes on that day at

2-00pm

There will be no after-school sports clubs in the last week.

Car Fumes

Could we ask that parents do not leave their engines running in the school car park. (whether to keep warm in the winter or for air conditioning in the summer)

The exhaust fumes are causing distress to residents in the adjacent houses. Thanks for your consideration in this matter.

Important Information

If your child's medical information changes, if you move house or change your mobile phone number, it is essential that you let us know straight away. We had a near emergency this week and found it very difficult to contact the parents as they had recently moved house and changed their mobile phones and school hadn't been informed.

Thanks for your support with this matter.
