

Dogs

Poppy

Dogs are animals that you keep as pets. In this report people will find information about dogs.

Food

Some dogs can eat human food like those ones meat, eggs, fish, yogurt and rice. Some dogs don't eat our food like chocolate, grapes, garlic, nuts, onions and peppers. The food makes them sick.

Exercise

Most dogs need 30 to 60 minutes exercise per day. Smaller dogs don't need as much exercise as big dogs, because they're smaller. You can take walks or play games. Big dogs need more exercise than small dogs.

Working dogs

There are many types of working dogs. I hear you military dogs that fight in wars. There are herding dogs that herd sheep up. There are dogs that make people feel better. There are other dogs like 101 dalmatians.

Fun Facts!

The smallest dog is 9.15 cm.
The biggest dog is 1 meter.
The oldest dog was 29 years old.
