

Gracie's Diary

August 28th 1914

Dear Diary

Today we have received devastating news. Unfortunately the Germans have set war upon England. I don't really know what a war is like. Our teacher - Mr. Wellbeloved - first warned us about the war. How long will the war be? I think that it will pass soon enough. Dad says that they have bitten off more than they can chew and at night were going to have to have their lights off.

Today I feel really anxious. Me and David saw the Birdman - Zakaria Woodcock - go out in a tiny boat with Prince into a storm.

Boy Wow! This is an excellent piece of writing. Harvey - fantastic use of dashes!
