

# Key Worker Information Form

It is important that parents only access the school's Key Worker provision as a last resort and only when all other options should have been considered. (please click on the link at the bottom of the page to see if you qualify) The school's provision should certainly not be accessed if there is a **parent at home, whether they are working or not.** If it is confirmed that parents have used the provision and someone has been at home, their child's place **will be withdrawn.**

Thanks for your support in this matter.
